

Canta Perdices 2009
Rated: 91 Points

The opaque purple 2009 Canta Perdices spent 12 months in new French oak before bottling without filtration. It gives up a reticent nose of cedar, Asian spices, violets, and blackberry leading to a layered, smooth-textured, concentrated wine with 1-2 years of aging potential. It will be at its best from 2013 to 2021.

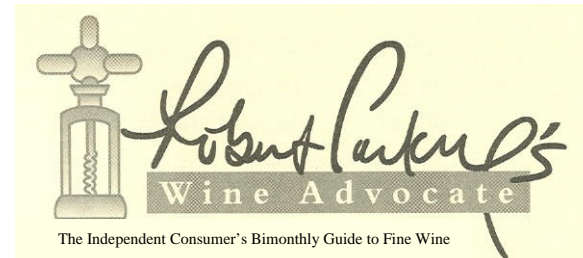

(June 2011)
